Creating an account is the same for both instructors and teaching assistants. If your administrator has added you to the account, you will receive a welcome email to set up your new account.

Don't have an email? Check your junk or spam folders before reaching out to your administrator.

1. Log in to your email account and locate your welcome email from Turnitin.
2. Select **Set up account** to get started.
3. Enter your email address and last name.
4. Select **Next**. We will send you another email to validate your account and allow you to create a password. The link within this email will remain active for 24 hours for security purposes.
5. Access the second email and select **Create password**
6. Enter and confirm a password. Your password must:
 - a. have a minimum for 12 characters
 - b. include at least one number
 - c. include upper and lower case letters
 - d. include at least one special character
7. Select **Create Password**.
8. Now you can log in to your new account.

Joining as a teaching assistant? Once you have set up your account, an instructor will be able to add you to their master classes. Once you have been added to a master class it will appear on your homepage.

Congratulations! You have just created the new class: Teknologi Minyak
If you would like students to enroll themselves in this class, they will need both the enrollment key you have chosen and the unique class ID generated by Turnitin:

Class ID **50129692**

Enrollment key **TM_14785**

Note: Should you ever forget the class ID, it is the number to the left of the class name on your class list. You can view or change your enrollment key by editing the class.

Click the class name to enter the class and get started creating assignments.
